

Invoice Ageing Report

Last Modified on 05/28/2025 3:52 am EDT

V1.0

Overview

The Invoice Ageing report provides insights into the average age of invoices in a current state. This helps users track delayed invoices and take necessary actions to improve processing timelines.

Key features

- Displays the average age of invoices in various statuses.
- Identifies aging trends to prevent approval delays.

Click **View Report** to view a detailed breakdown of aged invoices.

AP Advance

Report: Invoices
Ageing Report
This report shows Invoices in various non-completion states along with their ageing. Ageing can be based on days elapsed since creation or days elapsed in current state.
